

Hello Hoomans!

I am Audrey of studioMaximusbolo. I am a pet photographer and illustrator. I do custom pet portraits on location (your home or other location), illustrations, and custom art. I love to photograph doggos, cattsos, birbs, danger noodles, and goodbois & goodgrrls! (and their hoomans, too)

Sessions are available! All pet photo sessions are outdoors and social distancing recommendations are followed. (I do wear a mask.). I currently am not scheduling indoor sessions. The weather is great. Contact me today for more information.

I am redoing my THANK YOU! gift certificate special. From now until **September 30** I will be offering gift certificates in pairs. With the purchase of one gift certificate, you will receive another (a complimentary gift certificate of equal value for a pet portrait session) to give to your favorite moms & dads, first responders, delivery drivers, medical professionals...anyone who deserves to feel fabulous (and ridiculous).

Gift certificates can be purchased by emailing [maximusbolo.audrey@gmail.com](mailto:maximusbolo.audrey@gmail.com). I also offer free delivery in select areas (shipping is \$3).

To the rescue frens...

If any rescue or (animal advocacy organization) would like fundraiser bag (a gift certificate for a pet photo session), please message or email me. I am happy to donate for future events or online fundraisers. I do complimentary head shots for the adoptable furiends – send me a message with ideas or things you want to try.
